

**WHAT CAN THE TEAM AT
DOWN UNDER TRAINING
AND CONSULTING
DO FOR YOU?**

A STATEMENT OF OUR CAPABILITIES

Down Under Training's History

Down Under Training and Consulting (DUT) was established in 1998 out of the need for a training provider that took into account the individual needs of its students and who modified their training / assessment strategies to suit those needs.

We place the utmost importance on meeting client expectations through the delivery of quality training and safety solutions on time and on budget throughout Industry, thus securing our reputation by maintaining a dedication to our clients and their individual needs. We pride ourselves on the quality of training our graduates receive. Industry acceptance of our quality training has been reflected by repeat business from those employers and companies.

DUT has a quality assurance system in place, which recognises all aspects of operation of a business from policy and procedures to dealing with issues as they arise in a professional manner.

Our aim is to be a trusted advisor to our clients and our industry; we are passionate about building long term partnerships that will provide mutual benefit into the future.

Down Under Training – Operating Paradigm

Down Under Training is a Registered Training Organisation (RTO) dedicated to the delivery of Nationally accredited and non-accredited industry training programs throughout Queensland.

Our resources industry training complies with the Resources and Infrastructure Training Package. Training and assessment materials are reviewed and validated regularly to ensure the standards required by the Australian Skills Quality Association (ASQA) are met.

All training is outcome-based, focused on achieving measurable changes in the workplace. Down Under Training's structure and practices are designed to ensure Training Product relevance, standards and consistency; and delivery excellence. This is achieved through industry liaison, providing a credible point of reference for industry stakeholders to discuss current and future training needs.

Down Under Training's Credentials

Our team consists of industry experienced personnel who are well versed in responding to mining and industrial safety and training needs.

- We have eight resource industry Trainer/Assessors (and a broad database of sub-contract trainers)
- We only engage qualified trainers and assessors who have extensive knowledge of the resource industry and continually maintain their competencies and professional development.
- Our staff are active members of various resource industry related Associations and committees, this ensures the latest market trends and Legislative requirements in our training solutions.
- We are flexible in our training approach and understand the differing styles abilities and needs of trainees. We enable trainees to prove their abilities in a supportive learning environment providing mentoring services to both learners and their supervisors.

Our Competitive Advantage

Down Under Training offers...

- ✓ Quality training Focus
We have a commitment to providing a quality service and a focus on continuous improvement. We value feedback from participants, staff, and employers to enable us to incorporate change in our future programs.
- ✓ Quality experienced staff
Years of experience and maintenance of continual personal development to ensure that we are able to keep up with not only continual industry changes but the changing needs of our clientele and their workforce
 - Trainers know the industry
 - Highly qualified and passionate about what they do
 - Up to date skills and knowledge- PD and industry experience regularly engaged
 - The communication skills necessary for engaging learners within the industry
- ✓ Quality customised training programs
Programs are learner and site focused
 - Addressing the dimensions of competence required for learners to develop proficiency in required learning areas
 - Needs focussed- support recognised and built in to our standardised programs as required on an individual needs basis
 - Programs are customised to the needs of the site and delivered utilising relative information and site resources
 - Key adult learning principles are addressed from the beginning to engage learners in a participatory approach to learning
 - WIIFM
 - Motivation
 - Backgrounds and previous experience/attitudes
 - Responsibility and self-direction
 - Validation of concepts
- ✓ United approach
DUT is able to assist with the development and change of onsite culture by assisting with the cultivation and empowerment of site personnel e.g. Trainer/assessors and Supervisors through the following training programs
 - Mentoring
 - Communications
 - Supervisor courses
 - Adult LLN courses
 - Auditing and program development/validation services
- ✓ Administrative support available
 - Data entry services
 - Competency maintenance
 - TNA services
